1. This application is in condition for allowance except for the following formal matters:

In claim 1, line 8, change "the first clock signal at the output terminal" to "a first clock signal at the output terminal".

In claim 16, line 31, change "the first clock signal at the output terminal" to "a first clock signal at the output terminal".

In claim 16, page 22, line 3, change "the second clock signal at the output terminal" to "a second clock signal at the output terminal".

The above changes are required to correct lacking of antecedent basis in the claims.

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO**MONTHS from the mailing date of this letter.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: in combination with other limitations of the claims, the cited prior arts fail to teach a second switching circuit coupled between the first and second nodes and to receive the second control signal, and configured to form an electrical connection between the first and second nodes in the event the second control signal is deasserted, as recited in claim 1; and the cited prior arts also fail to teach a fourth switching circuit coupled between the second and third nodes and to receive the fourth control signal, and configured to form
